Subject: Millwork West Site Improvements Final Plans and Final Technical Specifications

Dear Mr. Peronard,

Enclosed are the Final Plans and Specifications for the Millwork West site improvements for your review and acceptance. A copy of the Final Plans and Specifications has also been sent to Mr. and Mrs. Mel Burnett for their review and acceptance.

The Volpe Center is in the process of tasking a contractor to conduct this work. We will provide you with the name of the contractor when the task is awarded. An updated project schedule with dates for the construction will also be provided to you at that time. We are organizing a meeting in Libby for the week of May 13 with the Burnett's to review the Final Plans and Specifications. We will notify you when a meeting date and time has been scheduled.

We appreciate the opportunity to assist you in this and future Libby Asbestos Project efforts. Should you have any questions, please call me at (617) 494-2574.

Sincerely,

John McGuiggin, PE
Project Manager
